

Born April 9, 1980 in Tulcea, Romania, now working and living in Norway with my wife. This site was meant as a gallery with all photos taken by me, bad and good, old and new, I hope in time to see an evolution and to be able to write up with thrust

Gabriel Feodorov - photographer

.

Plans in the future with this site, maybe to make a gallery only with old pictures, made by me on film, you can say something of "**the beginnings**". I will scan the negatives that I've done from childhood until now, hoping not to lose memories of friends that left us, or simply "

lost

" in life. After all, I would like to have here a small part of my life and my family.

The interface of the site is made like this: **all the new pictures will appear in the NEW folder**, older will be moved to the right gallery. Too much talk, we gonna leave some words maybe for a future blog, if I'm gonna have time. There is also a contact section,

I appreciate all feedback

, and it's just to get in touch if you have any question or comments.

Images can also be purchased for decoration. If found, please contact me for further information. Thank you for staying till here and spending 5 minutes with me and my photos. I hope you find joy in the images I have chosen to post here.
